07545 487 469

## **Profile**

Aaron graduated from Leeds Beckett University with a First-Class Honours Degree in Building Surveying. Aaron is a Chartered Building Surveyor with vast experience within survey and project works across commercial, industrial and education sectors.

## **Experience**

Aaron's expertise lies in the design, specification, project management and administration of contracts for refurbishment and new build schemes. Aaron has worked for a variety of clients across the education, healthcare, industrial, commercial and private sectors, delivering a wide range of schemes. In addition, Aaron also has great experience in due diligence, carrying out building condition and defect surveys, along with providing advice on estates management. Aaron has delivered over £200m worth of projects throughout his career, with values ranging anywhere from £100k - £6m.
